Literacy

Mrs Collett

In Literacy this term we will be exploring stories from all around the world such as Handa's Surprise and Aesop's Fables. We will then create our own poems and describe settings from around the world.

We will continue to work on developing neat handwriting and making sure we can spell the Year 1 and 2 Common Exception Words.

ICT

Miss Taylor

In ICT this term we will communicating to people by email and learning how vital and important the Internet is to help us search and learn new facts. We will learn to do this safely and responsibly.

Religious Education

Miss Taylor

In R.E we will be learning about what gives us a sense of belonging and community. After half term we will be learning about Hajj and the importance of this to Muslims.

Numeracy

Mrs Collett

In Numeracy this term we will be revising the methods we use for adding, subtracting, multiplication and division. We will be finding fractions of an object and equivalent fractions. We will also be exploring time and how to describe turns. We will continue to compare and order lengths, weight and capacity.

We will also be continuing to work through our 2, 4, 5 and 10 times tables.

Science

Miss Taylor

In Science we will be continuing to observe our peas, carrots and potatoes which we planted last term. We still plan to be part of the 'Grow your own potato national school competition and we are hoping to enter the largest individual potato and the largest number of potatoes from one grow bag categories! We will be identifying, naming a variety of wild garden plants and common animals. We will be identifying the basic parts of the human body and naming baby animals.

Summer Term 2020 – Topic: All around the world

Years 2

Maths and Literacy – Mrs Collett

Other subjects - Miss Taylor

PE & Games

We will continue to stay active by using Mr Treble's active videos and by finding new ways to exercise.

Outdoor Learning- Forest School

During our Forest School sessions we will be emailed a weekly session from Mrs Batten each week.

Art

Miss Taylor

In art we will be sketching and printing. We will be inspired by our work on Africa to paint African animals and patterns in nature. We will be finding new ways to be creative at home and make the most of this time to do our own creative projects.

Music

Miss Taylor

In music we will be listening to music that makes us feel calm and happy. If we are learning an instrument we will use this time wisely.

Geography

Miss Taylor

In Geography we will be learning about Africa with a particular focus on Kenya! African animals will tie in really well with our science work on identifying and naming animals

History

Miss Taylor

After half term In History we will be learning about Mary Anning who was an English fossil collector. Get ahead by finding out any fossils you may have found on the beach in the past.

Design & Technology

Miss Taylor

In Design and Technology we will be planning and making musical instruments using junk and items from nature. We will be performing with them and then we will be thinking about how we can improve on them.
