

Returning to School Information for Children

Hello everyone in Caterpillar Pre-School

We are hoping to be back in school in a week or so if the government says it is safe for us to go back. We are really looking forward to seeing you all!

The virus that caused Caterpillars to have to close has got a lot better but has not gone away completely and so we still need to be really careful about keeping ourselves and everyone around us safe. We still need to do everything we can to stop any bugs from spreading between people because that is how people can get ill. However, we want to be back at Caterpillars because it is good to keep learning and being able to see our friends so we need to try to make preschool as safe as we can so we can do this.

Mrs See has put this information together to help explain how we are going to make Caterpillars safe. It does mean that preschool will seem a bit different for a while. The people you normally see at preschool will mostly be the same but the building we will be in will be different.

After reading this if you have any questions, speak to your grown up at home about them as they may be able to answer it from the information Mrs See has given them or if they can't ask your grown up to email me.

Take care and hope to see you soon,

Mrs See

and everyone at Cheselbourne Village School

Returning to School Information for Children

When you get to preschool you will go to the Village Hall instead of the front playground. You will need to arrive with just your mummy or your daddy and will need to line up outside the school 2 metres apart from the person in front. One of the grown ups from Caterpillars will let you in one at a time. From here you will go into the Village Hall see all the fun activities set out ready for you. Before you start the day you will go to the sink to give your hands a good wash.

We will be doing lots of handwashing when we get back to preschool as this is one of the best ways we can help stop any germs spreading. We will use lots of soap and warm water and then dry our hands with the

hand dryer or on a paper towel, making sure we put our paper towel in the bin afterwards. There won't be more than two children in the toilets at any time.

Returning to School Information for Children

This is what Caterpillars will look like when you return.

We won't be able to have some of the toys we normally use as we need to only use ones that can be easily cleaned.

Being in this room means there will be plenty of space to move around without bumping into other people.

There will be lots of activities to do outside too. You will also get to play outside on the field as well.

Returning to School Information for Children

All your things will be kept in your own box. The only things that you will need to bring in from home will be your water bottle, lunch box, sun hat (and coat if it is rainy) and some changes of spare clothes as we won't be able to use our stock of school spare clothes.

Miss McIntyre and Miss Gatrill will be there to help you everyday.

You will also have lunch in here like you normally do and Mrs Mullett will come to help you with this.

At the end of the day or your session your grown up will meet you at the same place as they dropped you off.
