Duty	What this means	Action	By whom
Assess the risk of children being drawn into terrorism	Staff can demonstrate a general understanding of the risks affecting children and young people and know how to identify those children at risk or subject to radicalisation.	<ul style="list-style-type: none"> • All staff have read “Keeping Children Safe in Education”, 2019. • The Prevent Lead has informed staff of their duties as set out in “The Prevent Duty” (DfE, June 2015). • All staff has undergone WRAP training. 	<p>All staff</p> <p>Prevent Lead</p>
Staff understand how the school’s locality could be a risk factor in children being subject to radicalisation or extremism.	In identifying radicalisation and/or extremist views we also take into account the location and community context of our school being rural and very white majority.	<ul style="list-style-type: none"> • Staff and governors are aware that given the make-up of our school’s community with little or no multi-culturalism that there could be low levels of tolerance for other cultures and faiths due to lack of exposure to this through rural isolation. • Staff and governors therefore understand the need to be aware of potentially vulnerable families and children who become a target for extremist views. 	
Know how to report concerns regarding radicalisation and extremism.	The school has identified a Prevent Lead and supporting Governor.	<ul style="list-style-type: none"> • All staff know who the Prevent Lead is and that this person acts as a source of advice and support. • All staff know what to look out for and how and when to report any concerns about this. 	<p>All staff</p>

The school is using local partnership arrangements exercising its Prevent duty.	Staff record and report concerns in line with existing policies and procedures.	<ul style="list-style-type: none"> • Add information about your recording system here. 	All staff
