

# Cheselbourne Village School

Friday 7th January 2022

*Dear Parents*

---

Spring Term 2022 is now here and we have started the term with plenty of learning and a huge variety of weather conditions and temperatures. The COVID variants and continually updated guidance still has a huge impact on everything that we do. We are following this advice in order to minimise the spread, and this includes ventilation in the classroom. Our newly installed ventilation monitors are in full-flow use and we will get the balance as best we can to ensure that safety measures are in place and a warmth of care in the classroom is also present. You can help by considering the layers that the children are wearing in relation to the temperature on the day. If it is extremely cold, like it has been this week, it would be suitable to have vest layers, shirt layers and jumper layers as this would form a really good base. Of course, coats can be worn indoors if necessary.

I will continue to regularly update you in relation to COVID guidance changes and close contacts. I really appreciate the patience and support that you have given us when we have communicated 'potential' close contacts, as this has been something we have had to do as a one bubble school.

Thank you for your continued support.

Kind regards,

*Mr C Perry*
