

Our super Scarecrow's Club, run by Penny Price on a Tuesday morning, for toddlers, parents and carers, is growing every week. Penny's first session started with a 'bang' with Dental Health support and Bernard's story tellers who are visiting for the next six weeks. If you have a pre-school child and want to prepare them for starting at our School, call in any Tuesday. It's an excellent preparation for your child for school - even tiny babies!! - and a great opportunity to meet other parents and carers.

A wonderful start to the term with sunny weather so the children had lunch and play in the field.

Thanks to everyone that A great start to our new Caterpillars with Mrs Smith. Caterpillars attend an afternoon club, once a week, for a whole year before they start 'proper' school. These girls look as if they've at 'proper' school already!! If your child is due to start school in September 2010 call in on any Tuesday afternoon soon.
